A local reporter for APTN News provided the Thunder Bay Police with a number of comments which appeared on the Chronicle Journal's Facebook page regarding a letter to the editor by Nishnawbi Aski Nation Grand Chief Alvin Fiddler.

A number of specific comments posted on September 17 and 18, 2016 are now the subject of a Police Services Act investigation by the TBPS Professional Standards Unit. It is alleged that these comments had the involvement of members of the Thunder Bay Police Service.

We would like to thank the reporter from APTN News for bringing these comments forward to police. These types of comments are not acceptable. They do not reflect the values of the Thunder Bay Police Service. We would like to apologize to our Indigenous community for the hurt these comments may cause.

The investigation into these posted comments is a top priority for the Thunder Bay Police Service.
